Please rank your top three of the following actions in order of importance for creating a fairer society while also protecting the environment. Rank from most important (1) to least important (3)

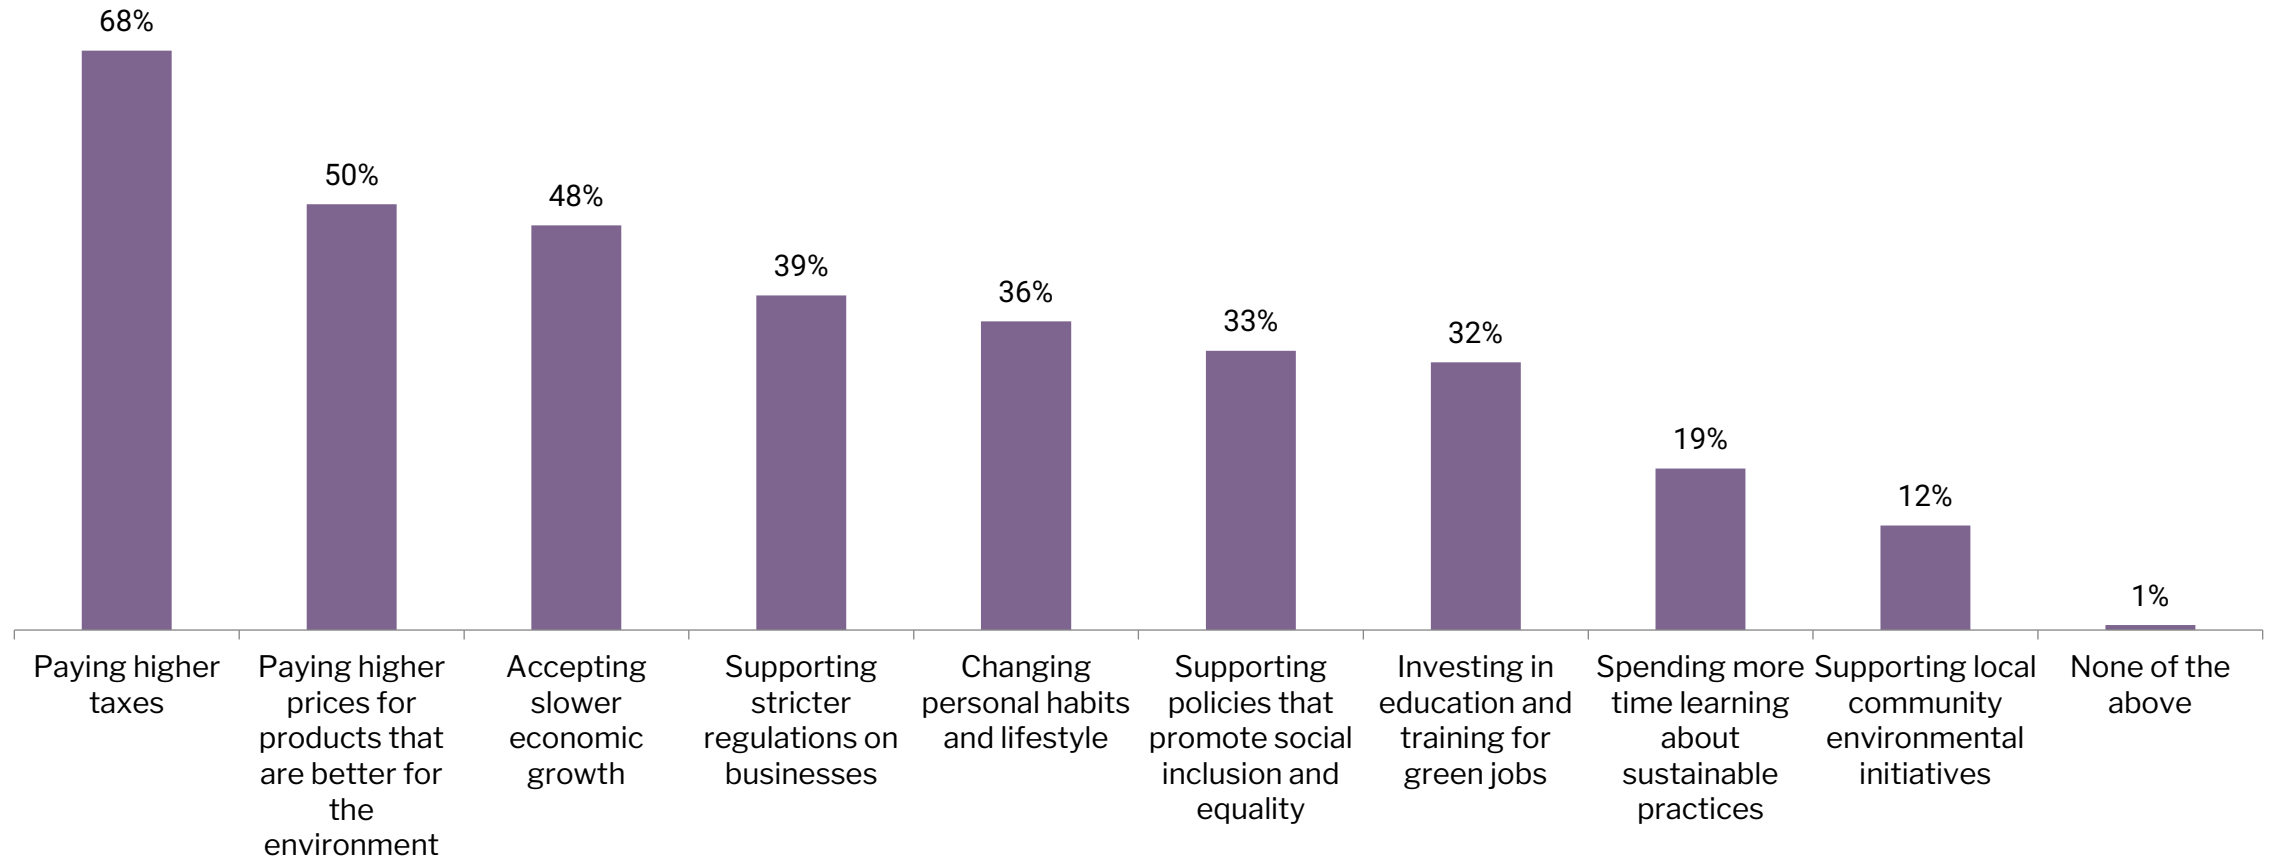

How much do you agree or disagree with the following statements?

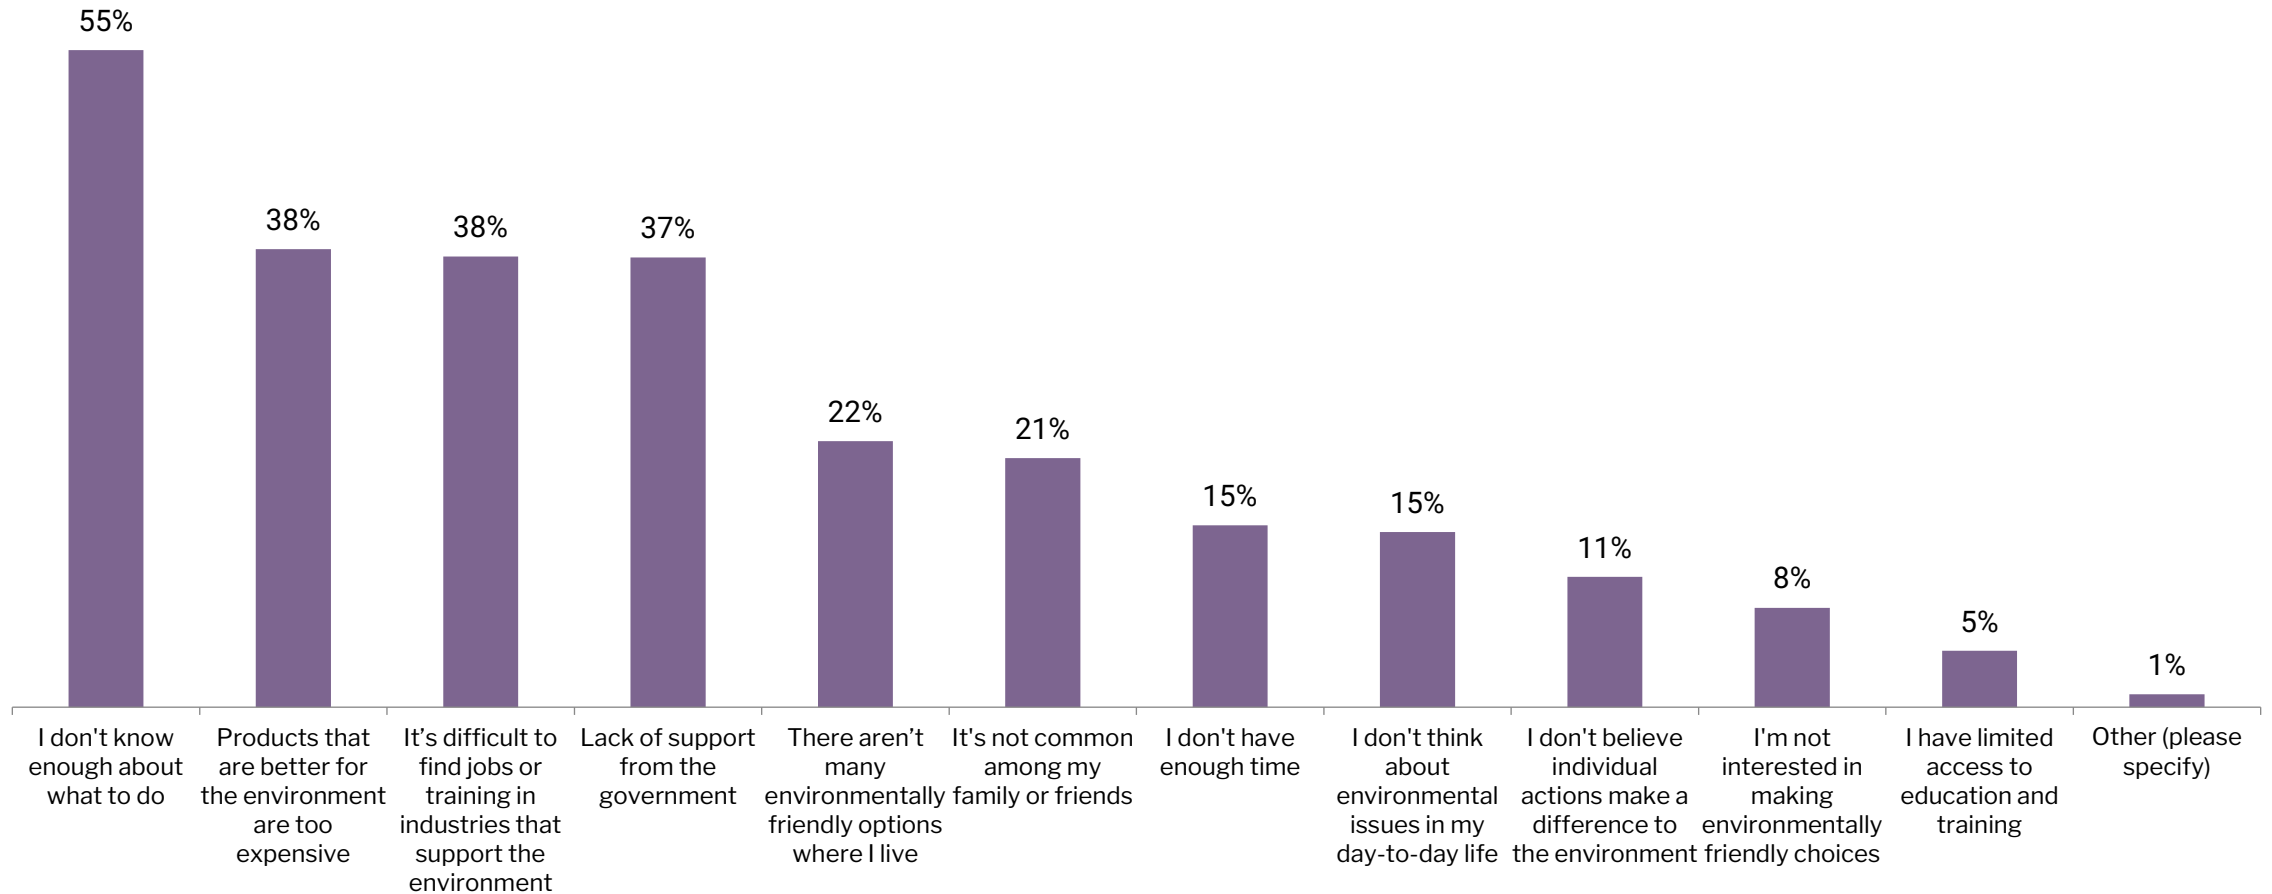

If you had to choose, which of the following would you prioritise?

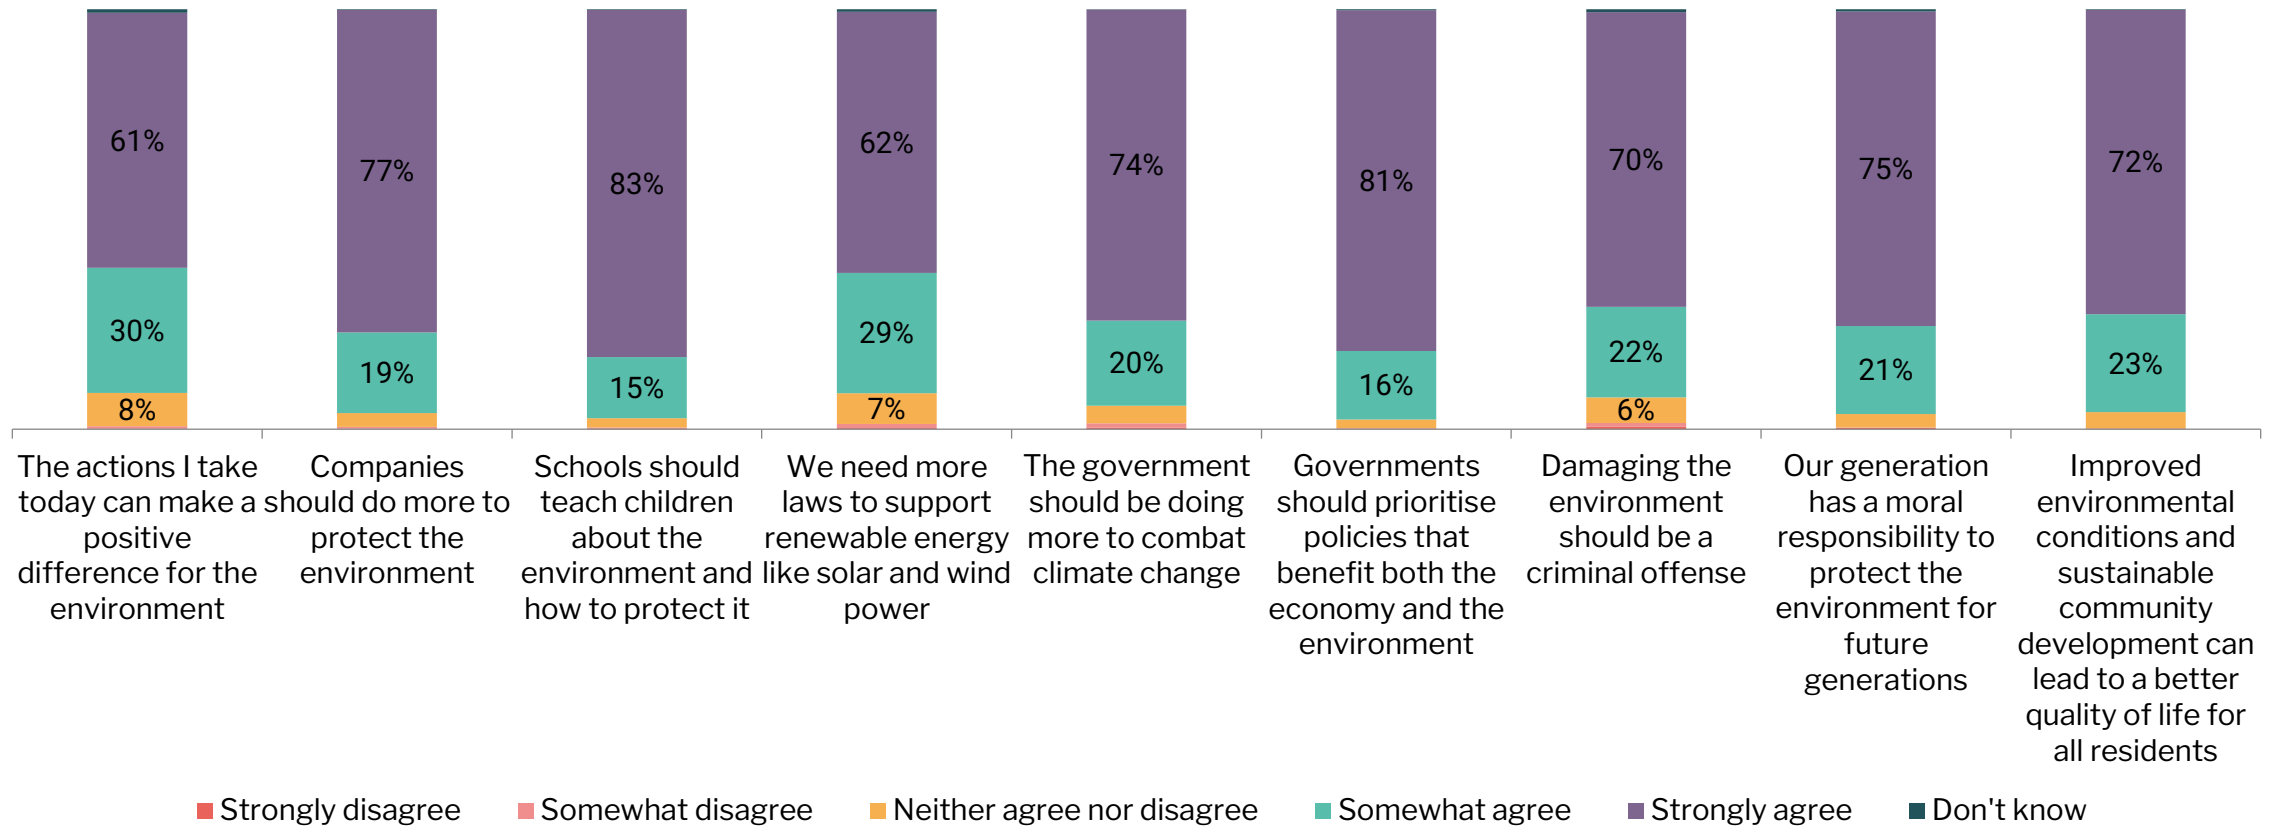

What are you willing to trade off to ensure environmental sustainability?

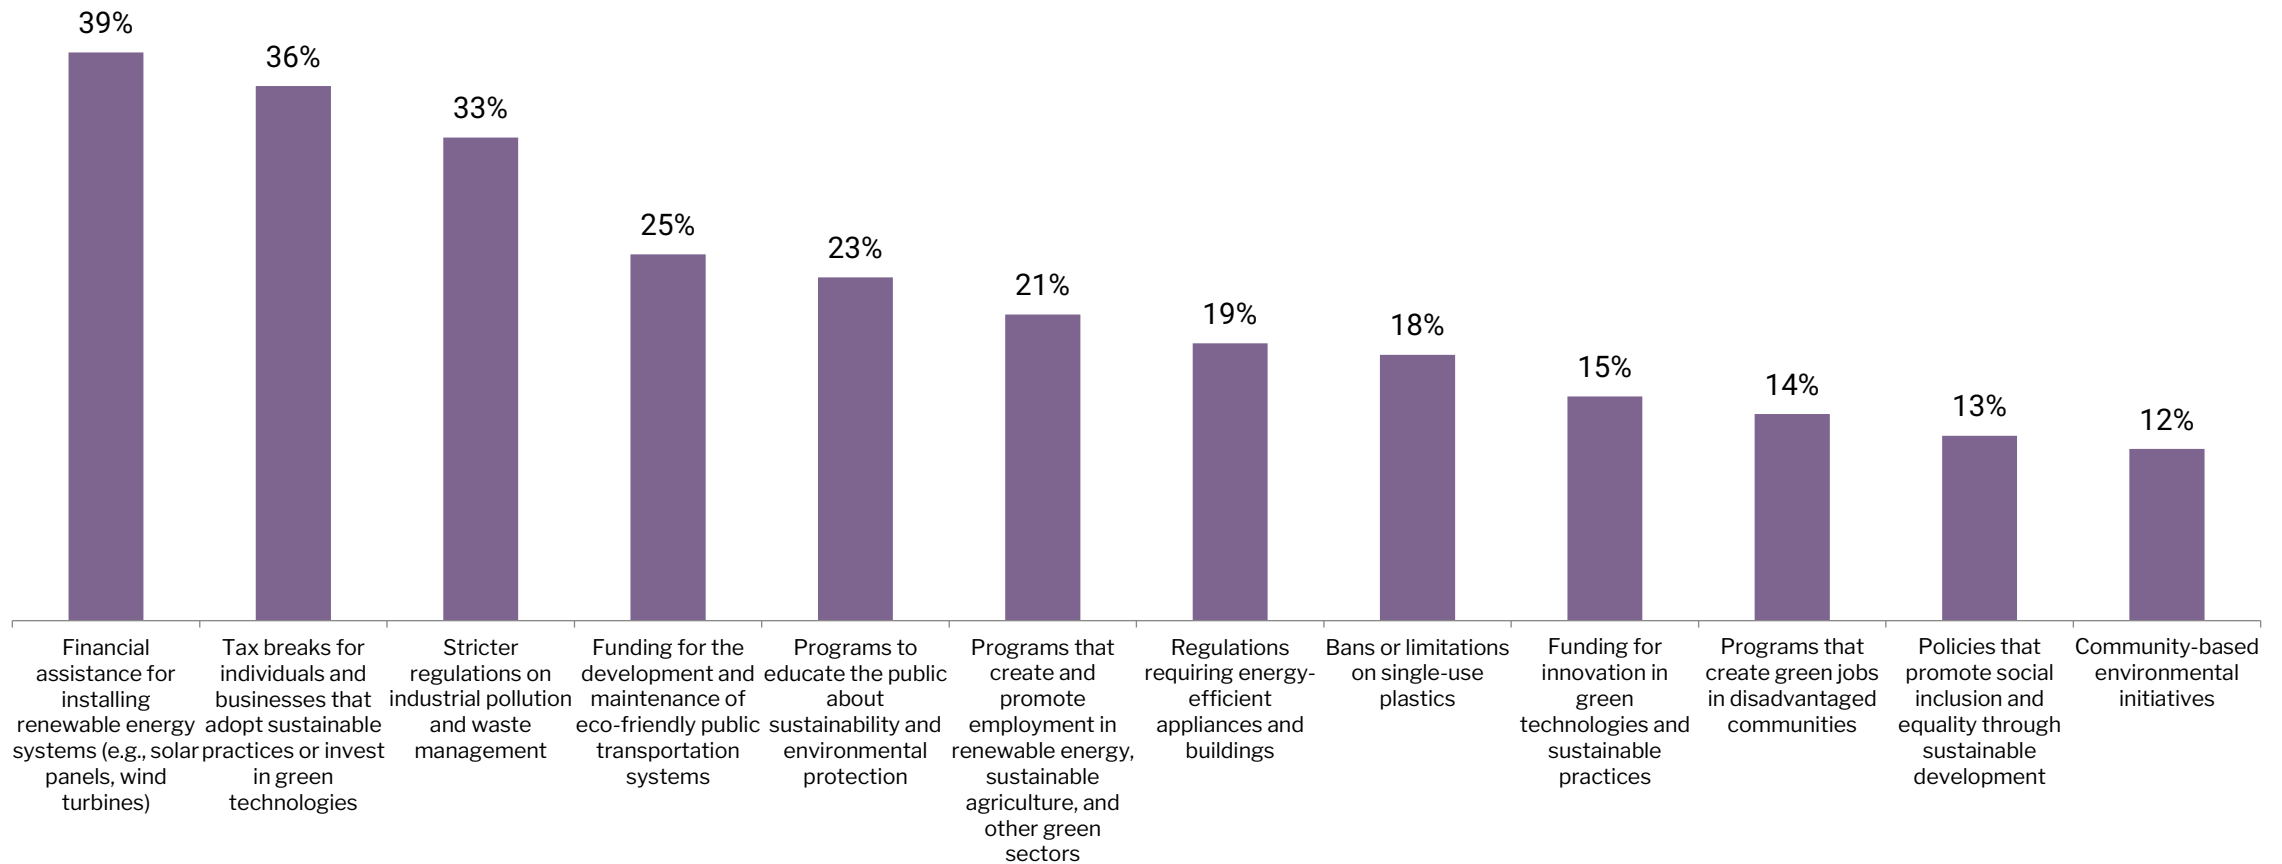

What do you think makes it hard for you to make more choices that are better for the environment?

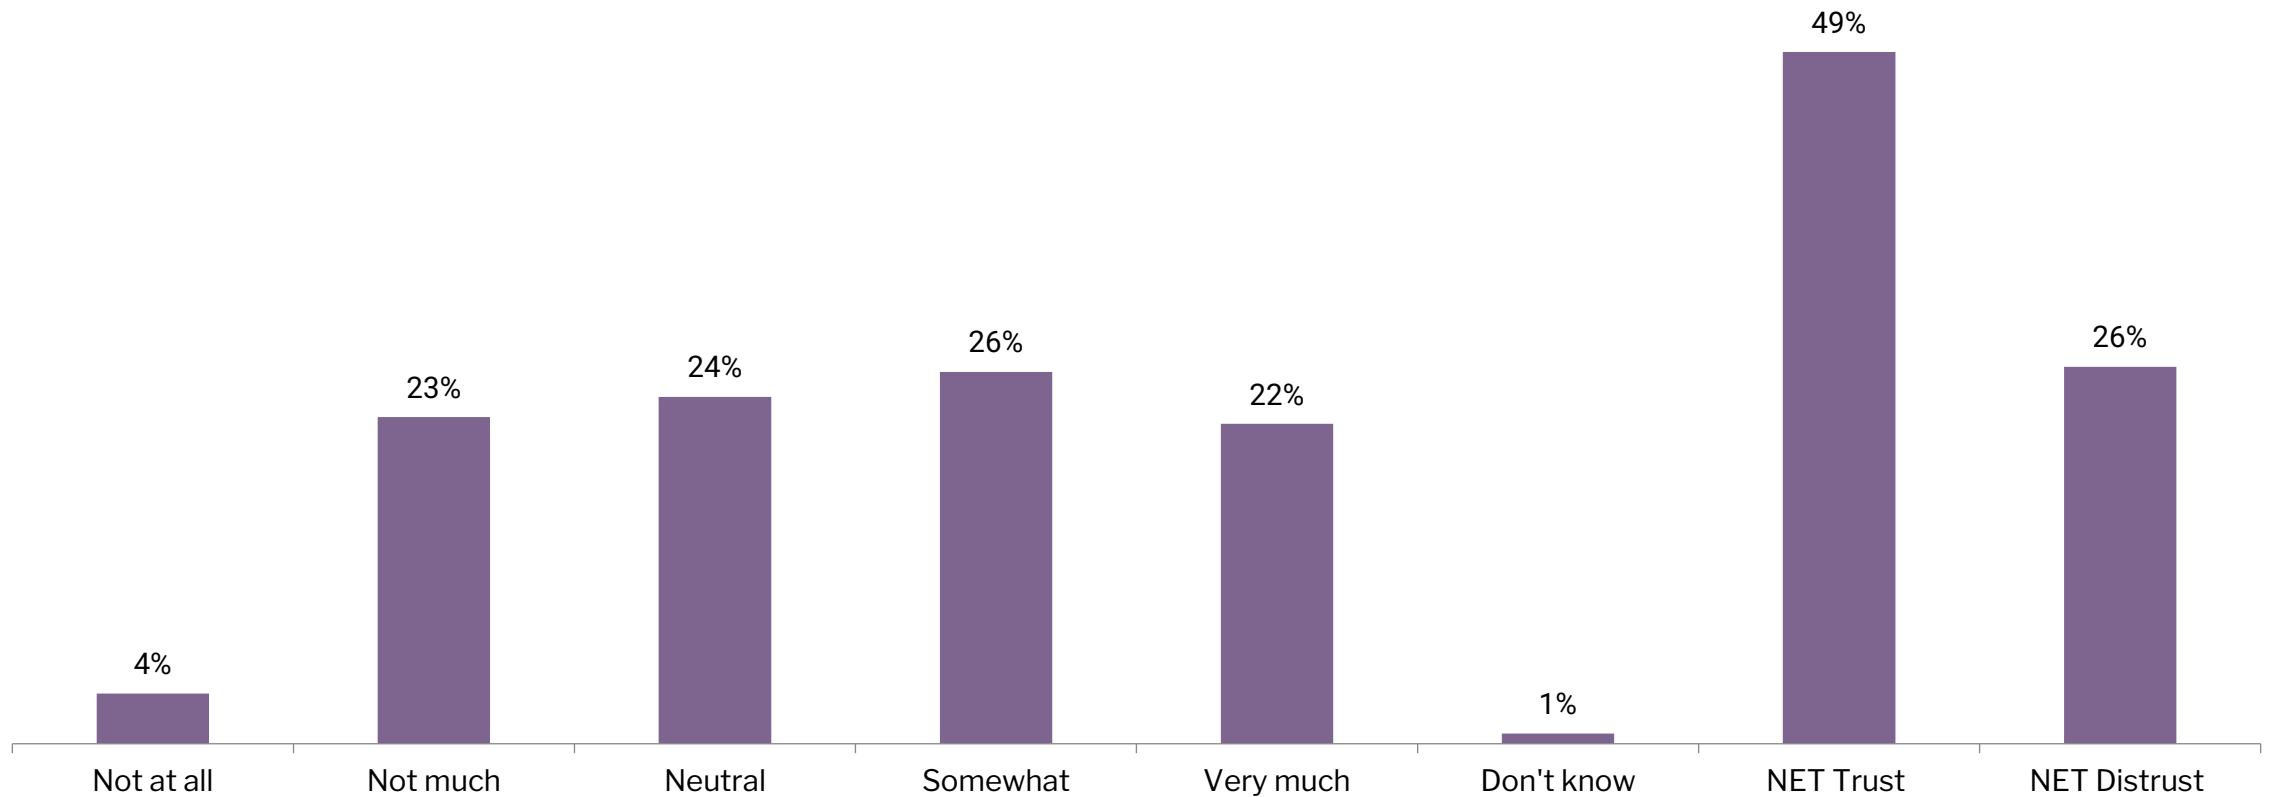

How much do you agree or disagree with the following statements?

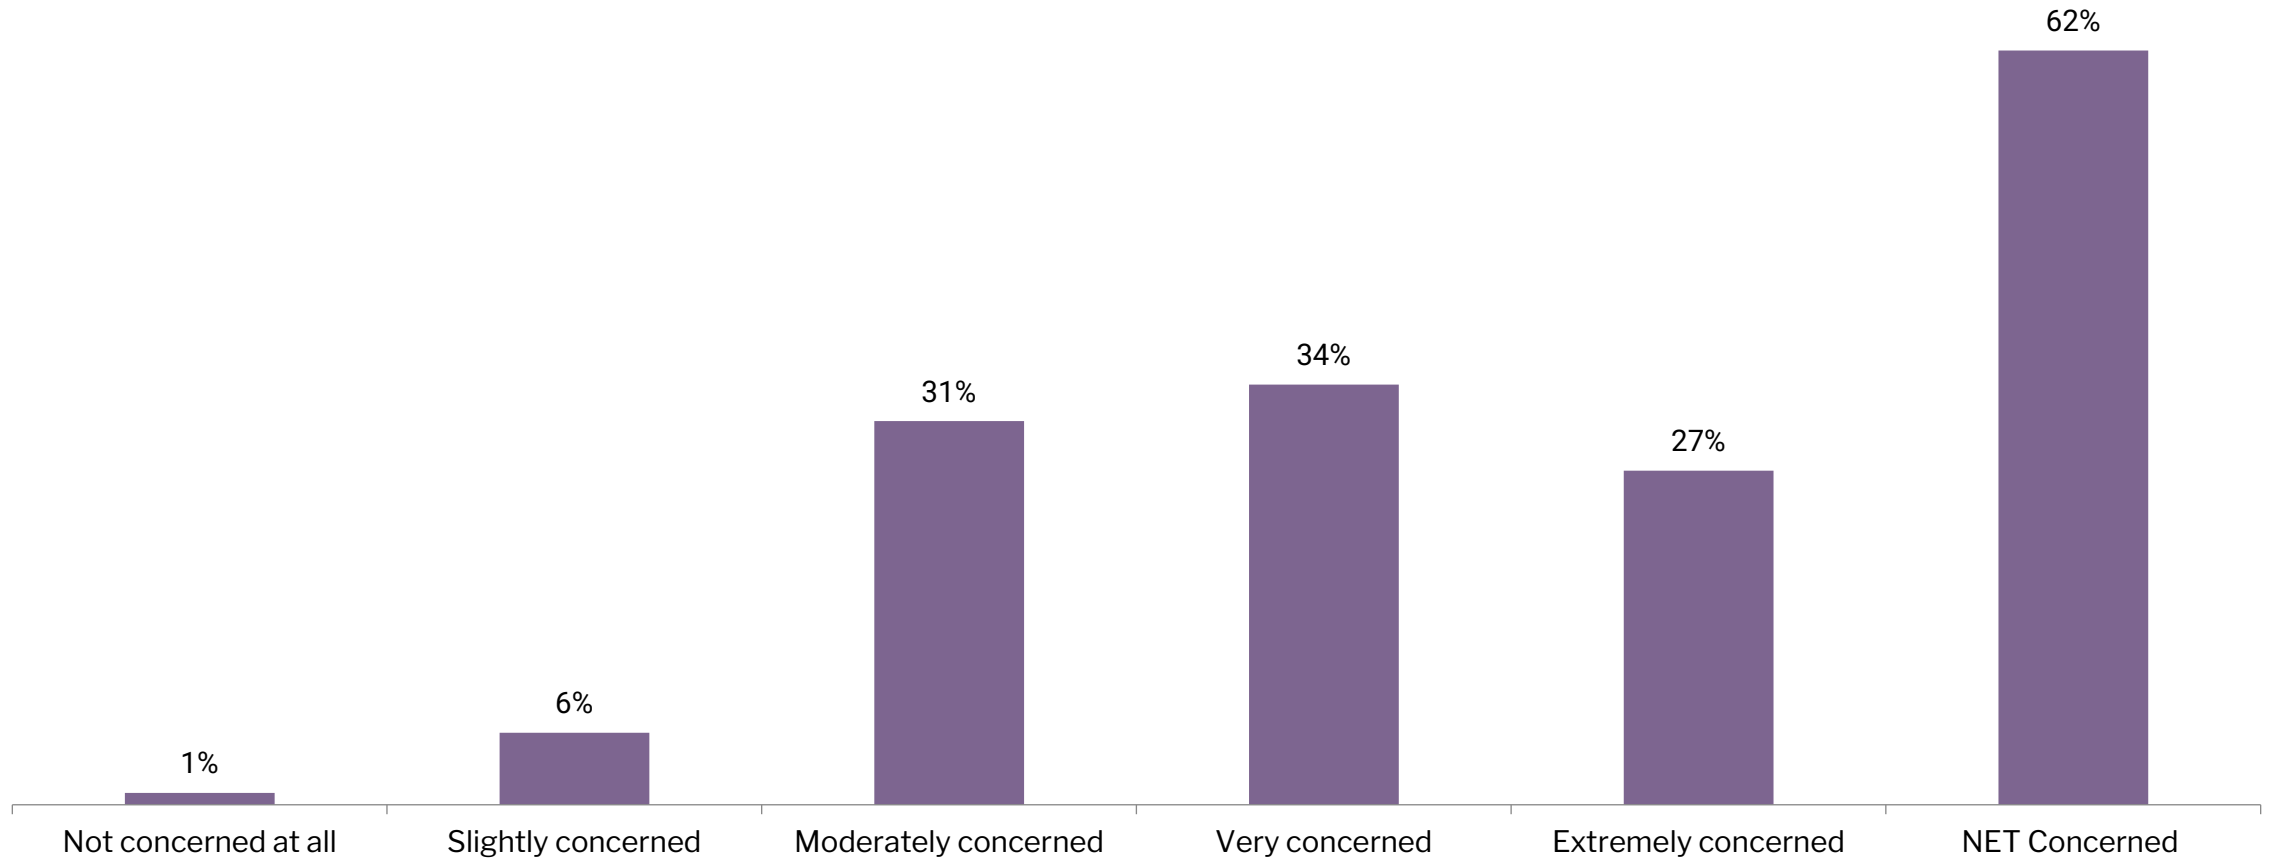

Which of the following actions do you think would be most effective in protecting the environment and promoting sustainability right now?

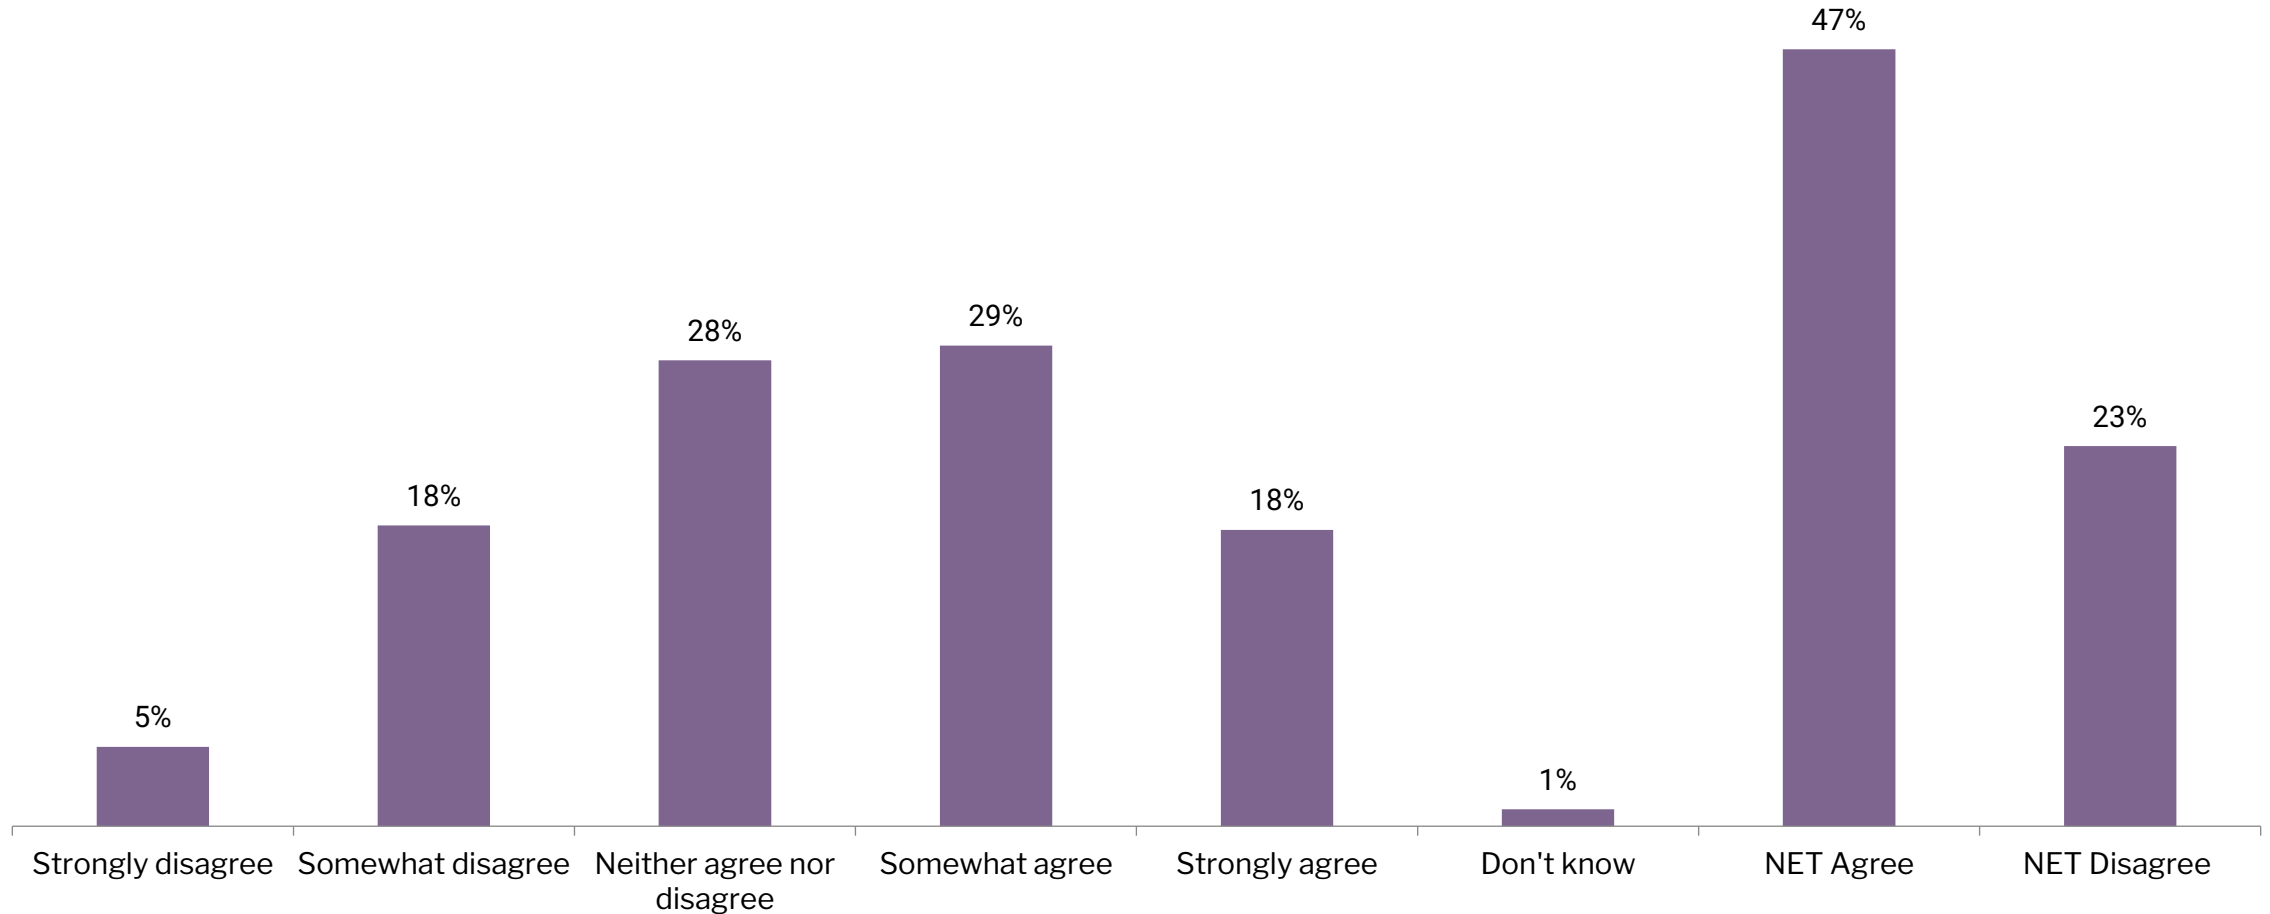

How much do you trust that political leaders will make the right decisions for a sustainable future?

How concerned or not are you about the impact of current environmental policies on future generations?

How much do you agree or disagree that the current generation is doing enough to ensure a sustainable future for the next generations?
